

ADEFISAN PROSPERITY OJUMIRIRE

Mathematics Student | Aspiring Data & Technology Professional

University of Ilesa, Osun State, Nigeria | 07073212951 | 08026310660 | ojumiriredigitals@gmail.com

PERSONAL PROFILE

Motivated and dedicated Mathematics student at the University of Ilesa with a strong interest in problem-solving, technology, programming, and data analysis. Developing practical skills in Python, MATLAB, HTML, CSS, JavaScript, SPSS, and Microsoft Office applications. Passionate about applying mathematical and analytical knowledge to solve real-world problems while continuously developing technical and professional skills.

EDUCATION

UNIVERSITY OF ILESA, OSUN STATE

B.Sc. Mathematics — Department of Mathematics | 2024 – 2028 (Expected) | Current Level: 200 Level

TECHNICAL & PROFESSIONAL SKILLS

- Mathematics & Problem Solving
- Analytical & Critical Thinking
- HTML
- CSS
- Python — Beginner
- MATLAB
- JavaScript — Beginner
- SPSS & Data Analysis
- Microsoft Word
- Microsoft Excel
- Microsoft PowerPoint
- Canva Presentation Design

PROJECTS & PRACTICAL EXPERIENCE

Personal Profile/CV Website

- Designed and developed a personal profile/CV website using HTML and CSS.
- Applied responsive design principles to improve presentation across different screen sizes.
- Practiced structuring web content, styling pages, and organizing personal information professionally.

Python Programming Projects

- Developed beginner-level Python programs to practice programming logic and problem-solving.
- Worked on numerical problems, conditional statements, loops, and mathematical computations.

MATLAB Projects

- Used MATLAB to perform mathematical computations and solve academic problems.
- Practiced programming concepts including variables, loops, functions, and graphical representation.

Data Analysis Using SPSS

- Practiced data organization and statistical analysis using SPSS.
- Applied basic statistical techniques to interpret and present data.

CERTIFICATIONS & TRAINING

Microsoft Office Suite — Coursera

Microsoft Word, Excel & PowerPoint | Issued: November 8, 2025

How to Create Presentations Using Canva — Coursera

Issued: November 26, 2025

RELEVANT COURSEWORK

Calculus • Differential Equations • Linear Algebra • Statistics & Probability • Vector Calculus • Mechanics

LANGUAGES

English — Fluent

Yoruba — Fluent

INTERESTS

Reading • Cooking • Mathematics • Technology • Programming • Data Analysis
